## From the Principal's Laptop

I have been very impressed to see how focused the students are on being prepared for their Student-led Conferences next Wednesday. Thank you to all those parents who have sent back the forms with preferred times. If you misplaced the form please ask at the office for another one. We hope to have confirmed times sent home tomorrow.

These conferences are intended to be a 'Celebration of Learning' - a time where your child can share with you the progress and achievement they have made over the first half of this year.

Below are some questions that you could ask your child during their conference with you:

"What was the aim or purpose of this learning?"

"How did you learn how to do this? – What was the learning process?"

"What was the easiest part of this learning?"

"What was the trickiest part of this learning?"

"What helped you the most to learn this / make this / achieve this?"

"What would you do differently if you were to do this again?"

"What is your next learning goal now that you can do this?"

We look forward to seeing you at the Student-led Conferences. This is a fantastic opportunity for you to celebrate your child's learning.

Monday night's preview of 'Bridge to Terabithia' was very exciting, not only for the students who were in the movie, but for everyone who attended the preview. I would like to thank the families who supported this very special event.

This Saturday June 16, families are invited to go down to Colletta Reserve, off Blethyn Place, to plant a tree between 1pm and 3pm. It will be a great opportunity for you to see where the students have been planting and for you to be involved as well. There will be spades available for you to use. There will be a free barbeque provided. Please wear suitable footwear.

'Education is knowing where to go to find out what you need to know; and it's knowing how to use the information you get.'

### Bridge to Terabithia

**Main Characters:** Lesley, Jess and Maybelle

**About the movie:** Terabithia is a place where Lesley and Jess can do anything even fly!

What we liked about the movie was it was full of imagination and set out well. It was made in Auckland at Riverhead. It was really cool seeing lots of people in it from Flanshaw Road School.

### Keeping Well

A tummy bug is going around schools at the moment. If your child complains of a sore tummy or has diarrhoea, please can you **keep them at home until they have fully recovered.**

We would like to break the cycle as it can spread easily. Please remind your children to wash their hands after they have been to the toilet and before they eat their food.

### Bridge to Terabithia

Bridge to Terabithia is a very creative movie with a lot of imagination. It starts with a boy and a girl who find a land and call it Terabithia. There are trolls and lots of other magical creatures there. The boy and girl have a lot of adventures and have very special powers. I think the movie was thrilling and quite sad. My favourite part was when the bully came to sit by Ezra but then he ran to another seat, I thought that was quite funny. There were a lot of Movie Stars from our school in the movie. Maybe you should get their autographs after school!
