### Thought for the Week

#### Direction

I can't change the direction of the wind.  
But I can adjust my sails.

## *From the Principal's Laptop*

This week there have been a lot of students away from school with sore throats and upset stomachs. Some of the staff have also been hit by viruses, bugs and flu. It is timely that we have a two week break for everyone to rest, recover and recharge.

I have been reflecting back on this term and can hardly believe how quickly it has passed. In one of the newsletters earlier in the term I mentioned I was sure there would be challenges ahead for me in the role of Acting Principal. I am pleased to report that the challenges I have encountered have all added to the learning I have done this term. Similar to the students sharing what they had accomplished at their conference the teachers this week, at our staff meeting, were sharing the teaching and learning successes that have occurred in their classes this term.

This weekend the Shop for Your School at Westfield shopping centre comes to an end. Remember to take your receipts to the booth by Sunday. We will get 5 points for every \$1 spent. Thank you to everyone who has presented their receipts.

At tomorrow's assembly the student/students who raised the most money for the Athletics will be announced. I would like to thank all the parents, grandparents, friends and family that have supported our Athletics so well. Through your, and the students' efforts, we have raised approximately \$3,000.00.

I hope everyone has a really good break. Take care and stay safe. We look forward to seeing everyone back at the beginning of Term 3.

Until next term, regards Maggie Reid

## Super Scribe

Featuring Jessica from Harakeke

Student Led Conferences were last Wednesday and I was just a little nervous. I introduced my parents to Mr. Patel and then went on to reading.

I told them my reading age for term 1 & term 2 and then I showed them my "I can" sheets and they were really impressed. After they had seen and read everything in my portfolio I showed them my model of a beam bridge and my power point. After they had seen power point I bet they were flabbergasted.

Last of all I left my mum with my comprehension sheet while my dad and I went outside to play with a ball.

Finally, my Student-Led Conference was finished, my parents were very impressed and I was really happy.

### Keeping Well

A tummy bug is going around schools at the moment. If your children complain of a sore tummy or have diarrhoea, please can you **keep them at home until they have fully recovered.**

We would like to break the cycle as it can spread easily. Please remind your children to wash their hands after they have been to the toilet and before they eat their food.

#### What is it like to be a Delivery Girl?

Deliveries they are sun, but it can get very stressful when it starts raining and it also brings the wind in. Yesterday my school finished early for student led conferences. Our deliveries were here and it was pouring down with rain. We had to go out and do them but didn't want to, so we went to put our raincoats and shoes on and walked out the door. It kept stopping and starting; we delivered 675 pieces of junk mail in an hour and 5 minutes. We got home at five past four and had nice, hot showers and hot drinks then we sat down and watched a movie. So that's what it's like and that's what I did yesterday. (Bye)
